

Non-ADA Interpreting Assistance FORM

SD Department of Human Services/Division of Rehabilitation Services

Division of Rehabilitation Services (DRS) will consider assistance with costs associated with providing an interpreter for those entities not required to provide an interpreter or auxiliary aid or device under title III of the ADA. The key to communicating effectively is to consider the nature, length, complexity, and context of the communication and the person's normal method(s) of communication. This policy will not cover any employment situations. If approved, DRS will make payment directly to the interpreter at rates outlined in DRS current fee schedule.

Services must be preauthorized.
